Climate of the Past Discussions

Interactive comment on "Late Quaternary vegetation – climate feedbacks[1]" *by* M. Claussen

J. Guiot (Editor)

guiot@cerege.fr

Received and published: 5 May 2009

In agreement with N. De Noblet, I think that opening the paper to non paleo-experts is a good idea. I note that you intend to modify your ms in that way. Your revised ms with an accompanying letter will then be welcome for Climate of the Past.

Best regards

Joel
