We have requested technical corrections to our manuscript ‘Last Interglacial climate and sea-level evolution from a coupled ice sheet-climate model’.

Please find below the reviewer’s comments in regular italic and our response in bold font.

**Reviewer 1**

*Dear authors,*

*I am pleased with your revisions and the responses to my remaining issues. I herewith can recommend to publish the manuscript in its current form is. As a technical correction, I would only like to see that you update the references since a number of "Discussion papers" meanwhile have been finalized, e.g., Goelzer et al., 2016, Landais et al., 2016, Merz et al., 2016.*

**Reviewer 2**

*The revised manuscript is ready to be published after updating the following references:*

*Thank you for the reminder. We have updated the references in the manuscript:*

We have also removed the following reference in text and reference list. “A revision of this discussion paper for further review has not been submitted”:
