**Figure S1:** Individual model experiments of CO<sub>2</sub> forcing, showing the 4x (left column), 2x (middle column) experiments and the difference 2x-4x (right column). Model descriptions are given in Table 1 of the manuscript.

**Figure S2:** Individual model experiments of ICE forcing, showing the 2x (left column), 2xice (middle column) experiments and the difference 2xice-2x (right column). Model descriptions are given in Table 1 of the manuscript.

**Figure S3:** Individual model experiments of GEO forcing, showing the preEOT (left column), postEOT (middle column) experiments and the difference postEOT-preEOT (right column). Model descriptions are in Table 1.
